

## Alumni Panel Session (COMPS Department)

Alumni Cell 2019-20

Venue: B114 (Seminar hall of Computer Department)

The event was initiated at 10:30 am with Somaiya prayer. It was followed by an introduction and a small speech by each alumnus about their experience in KJSCE as well as sharing their success stories with the students and inspiring them to succeed in the outside world.

The list of alumni present at the panel session:

•**Reema Chitalia (Founder and CEO at Synergy Academia)**

She shared her experience of writing GRE and TOEFL exams. She also gave tips on how to find ideas for a start-up and told the importance of networking to the students

•**Dhaval Chothani (Senior Manager at Morgan Stanley)**

He talked about the various fields which are in trend and can be pursued by the students of Computer Department. He also talked about the difficulties of joining as a Diploma student. He was very interactive with the students and also helped the students to break ice with the alumni by talking with them about college life at KJSCE.

•**Chaitanya Naik: (Head of Operations and Business Development at Parallax Labs LLP)**

The former Jt. General Secretary of Student Council of KJSCE talked about pursuing his passion marketing (MBA) by developing his skills through the resources available in college (eg. Bloombox). He also talked about balancing studies with extra-curricula's.

•**Mrugank Ranavde (Head of Firefighting at Kustard)**

He shared his experience of his start-up 'Kustard' which was founded by him and a couple of his friends from KJSCE. He also pointed out the benefits of the autonomy of KJSCE to the students. Also benefits of networking were given by him. He also gave a small tip of starting each and every public session or presentation with the sentence 'Am I audible?' which he actually did before starting to speak in the panel session.

After the panel session a question answer session was taken to answer queries of students.

Students asked several questions including:

•Can you share any experience of internship?

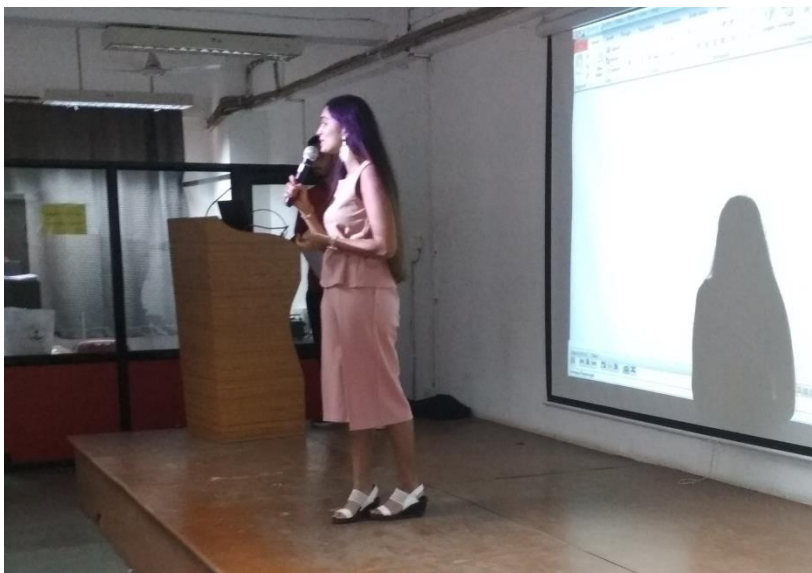

Ans: All the alumni gave experiences of their internships (In-house and outside college)

•What are your comments on job depletion in the current world?

Ans: Excellence in your respective fields will prevent you from falling prey to unemployment, if you are replaced obviously the other person is better than you, were few of the answers given. Also they encouraged students to have their own start-ups.

•How do you manage to have time for all things? (For Chaitanya Naik)

Ans: During his Student Council days he used to attend all the lectures and took down notes and after college used to do council work. He used to wake up at 3.00am to study. He also told that is you really want to do something you will find time for it. The session concluded after the HOD of Computer Department gave a vote of thanks to all the alumni.

## **Alumni Panel Session (ETRX Department)**

### **Alumni Cell, 2019-20**

**Venue:** Electronics Seminar Hall, **Room no.:** B517

**Time:** 10:30 am - 12:30 pm

#### **Speaker's Profile:**

##### **1) Soumya Koppikar**

###### **Profile:**

- Associate Consultant in the Contract and Commercial Management team at Capgemini
- Completed her PGDM in Finance from Welingkar Institute of Management
- Worked with YES Bank as a Summer Intern

##### **2) Nidhi Gandhi**

###### **Profile:**

- Bachelor Education: KJ Somaiya College of Engineering (ETRX) Batch of 2015
- Post BE Work Experience : SMG Convonix (Assistant Project Manager of Search Engine Optimization -Digital Marketing)
- Post-Graduation - MBA ( Major in Marketing, Minor in Finance) from International Management Institute, New Delhi
- Currently working with Deloitte US as a Consultant of SAP Technology

##### **3) Siddharth Jagetia**

###### **Profile:**

- Bachelor Education: KJ Somaiya College of Engineering (ETRX) Batch of 2018.
- He worked with Orion Racing India for 3 years during his Bachelor Education.
- He worked as Battery System Design Engineer for 7 months at Grinntech Motors & Services (P) Ltd., Chennai.
- He is currently working as Business Development and Operations at Jagson Carriers.

##### **4) Amit Yadav**

###### **Profile:**

- Bachelor Education: KJ Somaiya College of Engineering (ETRX) Batch of 2015
- He has completed a diploma in fab Academy from MIT USA. He has initiated many programs such as Project-based Learning (PBL) focusing on developing research projects with the industry in fields of Robotics, Education, Medical, Defence and Automation.
- Head of Roboriidl and XRriidl Lab an Incubation manager at Riidl Somaiya Vidyavihar.

- An Academy Instructor at RiIDL Somaiya, he mentors 30 students on 10 various project background including Aerial robotics, Agritech, Underwater drones, Medtech devices, Environmental and Machine Learning.

### Report of the event:

The event started at 10:45 am with the Somaiya prayer and the Alumni Cell introduction. The Alumni were introduced to the students and the faculty one by one and they briefed the students about their 4 years of engineering, their work field, interests and their journey from college to the corporate world. Each panellist spoke for about 10-15 minutes. Mr Amit also showed one of Riidl's project "Automated chess", the chess board that connects two distant persons, they don't need to be at same geographical location. Event this has got the feature of voice feedback which is enabling the blind persons to play with specially crafted chess pieces. Students were amazed how it worked and how it was made.

We began with the panel session at around 11:40 am. Each one of them presented their views on questions like 'How has the field of Electronics engineering changed in the past 5 years? What do you predict will happen in the next 5 to 10 years? How should one enjoy learning the core subjects?, what kind of internships should one take up?' ,etc. They even guided the students on topics such as Time Management, importance of co-curricular activities and projects and the upcoming interesting applications of electronics. The students had a few doubts regarding the same which were later cleared by the panellists. The Alumni also encouraged students to create their LinkedIn profiles and connect with them. The panel session got over by 12:40 pm.

In the end, we presented our vote of thanks to the panellists and the faculty felicitated the alumni with LOA's and token of appreciation.

Some snapshots from the event:

## **Alumni Panel Session (EXTC Department)**

**Alumni Cell 2019-20**

**23<sup>th</sup> August 2019**

**(10.30 AM to 12.30 PM)**

**Topic/Event: Alumni meet and panel discussion**

**Venue: A225 (Seminar Hall of EXTC department)**

The orientation was conducted on 23<sup>rd</sup> August 2019; around 110 first year students attended this orientation. The orientation began with somaiya prayer and with the introduction of alumni council then Department Alumini coordinator, Prof. Rupali Patil and the alumni cell students welcomed the alumni for this session. Five alumni students, Mr. Sanket Vaidya, Mr. Rishikesh Ashar, Mr. Fenil Thakkar, Ms. Nitee Shah and Ms. Rajasi Ahuja participated actively in this session to give information about the college and also share their experiences of being in this college for four years. In this session Alumni gave their brief introduction and also highlighted the importance of taking part in Co-curricular and Extra-curricular activities while managing the academics. They also explained them about job opportunities in various fields. Alumni also guided them about current market trends for good job hunt also clear their queries. During panel discussion session students raised maximum queries & seek the answers from the alumni.

After the panel session the head of department of EXTC gave the alumni small gifts as a token of thanks.

## **Alumni Panel Session (MECH Department)**

### **Alumni Cell, 2019-20**

**Venue:** Mechanical Department Seminar Hall, A315

**Speakers:**

1. Binal Sanghavi  
Managing Director at Precise associates
2. Mehul Ambalia  
Chief Technical Officer at Forcyst Engineering
3. Sohrab Miski  
Guide and advisor for KJSCE Aeronautics team, VJTI Aeronautics Team & SPCE Aeronautics Team
4. Mitesh Dama  
System Engineer for Daifuku India Private Limited
5. Sagar Sangani  
Executive for Citrus Tech

**Report of the Session:**

The flagship event of Alumni Cell in association with IQAC and ASECA was yet again a huge success with the incoming batch of 2023. The event which was hosted by Vipul Dube (SY EXT C) was attended by dignitaries of Mechanical Department, our alumni and students of the department. A brief introduction of all the alumni was given. This was followed by the discussion about a large number of topics between the alumni and the students. Each of the alumni presented their views on questions like “How to efficiently utilise the 4 years of engineering?”, “What are the internships that are to be taken up”, “How are internships important?”, “What college councils are to be joined?”, “What further studies are to be studied to be relevant in today’s world?”, “Is it better to pursue higher studies in India or abroad?”, etc. The panel session was then concluded and a vote of thanks was delivered by the department HoD Dr. Ramesh Lekurwale. The different faculties of the department, Assoc Prof. Prashant Yelpale, Assoc Prof. Priyanka Patil, Dr. S. R. Nikam, felicitated the alumni with bouquets, LoAs and gift tokens.

**Snapshots of the session:**

### Guest Lecture: Game Development

**Date: 05<sup>th</sup> March, 2020**

**Event: Guest Lecture by Abhijeet Dani, Founder at Hulahool Games Pvt. Ltd.**

**Venues: B507, IT Department Seminar Hall**

---

Guest Lecture on Game Development was organized on 5<sup>th</sup> March in the seminar hall of IT Department (B-507) at 02:15pm. The seminar was organized by **Alumni Cell, KJSCE** under the guidance of Information Technology Department. Our speaker for the session was **Abhijeet Dani**, alumnus of KJSCE (Computer Department, Batch of 2010) and currently working as an independent game developer. Skills that are required for getting placed in the gaming industry to all the different job opportunities in available today in India, he talked about everything. Later he talked about the universities which provides gaming course in their curriculum and elaborated about what contents they taught in those courses. Then he talked about his journey in the gaming industry from a normal student to becoming the founder at an independent game development venture of his. He talked about his own game that how just by focusing on screen that will be displayed, and render only the screen not the entire game or else game would become slow. He mentioned some points about the earning revenues like through ads, through inbuilt purchases and several others. At last he again emphasized about the job opportunities in industry and where these opportunities are located. Finally there was a quick question and answer session where he answered questions from the audience. At the end the faculty in-charge of subject- Game Programming and Architecture, Prof. Kiran Kumari Sinha felicitated him with a letter of appreciation.

Few moments from the session:

## **HANDOVER CEREMONY 2019**

**4th October, 2019**

**(9:30 am to 10:30 am)**

**Event: Handover Ceremony**

**Venue: B507 (Seminar hall of IT Department)**

Handover Ceremony 2019 for Alumni Cell 2018-19 was arranged on 4th October, 2019 from 9:30 am to 10:30 am in IT department seminar hall. Along with Alumni Cell 2019-20 members, all ex-members and faculty coordinators of all departments were invited for the same.

Event started with welcoming speech by Alumni Cell 2019-20 Executive Head - Dhairya Parekh. He introduced ex-Executive Head Yash Acharya to the audience and also talked about goals of current team. Later Yash delivered his speech and introduced all of his team members for the term 2018-19. His speech was full of enthusiasm and great sense of humor. He talked about their experiences of working in team, efforts they took during their time to make all the events of Alumni Cell successful. He also talked about our current senior members of Alumni Cell and moments shared with them from interviewing to current day. Then he asked each and every senior member of his team to come on stage and share their valuable experiences and to give a message to current members.

Finally faculty in-charge of Alumni Cell- Prof. Rohini Nair felicitated all ex-members of Alumni Cell and handed them Letter of Appreciation for valuable work they did during their term for Alumni Cell.

**‘IN CONVERSATION WITH..’ RAHUL KASHYAP**

**Date: 9<sup>th</sup> October, 2019**

**Time: (5:15 pm to 7:30 pm)**

**Topic/Event: Seminar on How to crack hackathons and bytes here and there**

**Venue: B113 (Seminar hall of Computer Department)**

"In Conversation With Rahul Kashyap" talking about Hackathons and bytes here and there; intriguing our students with his multi versatile skill set.

Rahul Kashyap, 2018 Computer Department pass-out and is currently working as an Analyst for EY and here are a few highlights from his past experience of Hackathons:

- Winner at Smart India Hackathon 2017 in Department of Science & Technology organized by Government of India
- Winner at Sardar Patel College of Engineering's Spectra Project Competition 2016
- 1st Runners Up at National Instruments India Design Challenge (NIYANTRA) 2016
- 2nd Runners Up at Hack for Change Hackathon 2017 by Intertrust Technologies, USA
- Runners Up at VJTI Technovanza 2016 Makers Square
- Winner at El project competition (2014) and 1st Runners up at OPUS project exhibition (2015) by VCET

He started the seminar with presentation starting with basics of Hackathon and then moved on to various techniques he knew through his experience. He proved the importance of participation of students from other streams into hackathon teams. He explained the significance of all the things to be considered before and during a Hackathon such as team formation, guidance from teachers and seniors, understanding problem statement, tackling the Hackathon in order to reach proper goal satisfying the need and more importantly on how to present your solution.

Having a first-hand experience of hackathons and such a strong skill set, he perfectly guided and share on how to prepare for Hackathons and crack one as well!

We had an attendance of 25-30 students for this event.

**KICKSTART 2020**

**Dates: 14th, 17th and 18th January 2020**

**Events: Aptitude Test, Interview Decrypted Seminar, Personal Interviews and Group Discussions**

**Venues: B507 (Aptitude Test), B114 (Interview Decrypted Seminar), Classrooms of Computer and IT departments**

---

Kickstart is the flagship event featuring mock placement process consisting of three rounds organized by **Alumni Cell KJSCE** to give our students an idea of the actual placement process and guidance for the same by our alumni. The three rounds were- Aptitude Test, Interview Decrypted seminar and Personal Interview with Group Discussion. There were around 100+ registrations. Registered candidates were from both SE and TE.

**Aptitude Test:**

Aptitude test was organized on 14th January, 2020. There were two slots- morning and evening. Morning slot was from 9:30 am to 10:20 am and evening slot was from 5:30 pm to 6:20 pm. Duration of test was 50 minutes and 45 questions from three sections (Quantitative Analysis, Verbal analysis and Logical analysis) and of total 100 marks. Test was held in IT seminar hall -B507. Paper evaluation was done on same day which were then mailed to all candidates on 17<sup>th</sup> January, 2020.

**K. J. Somaiya College of Engineering, Mumbai-77**  
(Autonomous College Affiliated to University of Mumbai)

**Interview Decrypted Seminar:**

Interview Decrypted Seminar was organized on 17th January, 2020 at 5:15 pm in seminar hall of Computer Department (B-114). The speaker of the session was **Dhawal Chothani**, alumnus of 2014 Computer Engineering batch and currently working as Senior Manager at Morgan Stanley. From preparation of resume to personal interviews, he covered all placement processes and gave some very useful suggestions for the same. He started with aptitude tests and gave insights of how such tests took place in placement process. He covered most of the important points. Then he started with 'personal interviews' part and shared his own experiences from his placement. To give an idea of type of questions asked in interviews, he discussed some tricky questions which are highly relevant. Finally there was question and answer session where he answered questions from candidates. At the end, our Executive Head, Dhairya Parekh felicitated him with letter of appreciation.

(Autonomous College Affiliated to University of Mumbai)

**K. J. Somaiya College of Engineering, Mumbai-77**  
(Autonomous College Affiliated to University of Mumbai)

**Personal Interview and Group Discussion:**

'Personal Interviews and Group Discussions round was organized on 18th January, 2020 in two slots- morning slot (9:30 am onwards) and afternoon slot (1 pm onwards). Interviews were held in classrooms of IT and Computer departments. Morning slot was consisting of interviews and Group Discussions from core IT, core Electronics, Telecommunications and core mechanical engineering domains and afternoon slot was having Interviews and Group Discussions of Management as well as Computer/IT domains. Interviews and Group Discussions were taken by our alumni who gave proper guidance and suggestions for the same during ongoing process. Core IT interviews were conducted by **Aakash Poliyath, Dhawal Chothani, Jay Maru and Vipra Chudasama**; Core Mechanical interviews were conducted by **Rupesh Khatri** while that of Management by **Jaini Shah and Bhavin Makwana. Dikshit Bhanushali and Rishab Shah** by interviews from Electronics as well as Telecommunication domain. All alumni submitted response sheets consisting of strong and weak areas of each candidates and suggestions for improvement for the same. At the end, our **Faculty In-charge, Prof. Rohini Nair** felicitated each and every alumnus with letter of appreciation.

**ENTREPRENEURSHIP, ENGINEERING AND INNOVATION - THE PILLARS OF A SUCCESSFUL  
START-UP: PANEL SESSION**

**Date: 21<sup>st</sup> January, 2020 (5:15 pm to 7 pm)**

**Event: Panel Session**

**Venue: Auditorium KJSCE.**

---

"Entrepreneurship, Engineering and Innovation - the pillars of a successful Start-up" was a collaborative panel session organized by **Alumni Cell, KJSCE** and **Bloombox** (Entrepreneurship Cell of KJSCE). The panel session was conducted on 21st January, 2020 from 5:15 pm to 7 pm in the auditorium KJSCE. There were around **200+** registrations from all over Somaiya Vidyavihar campus.

The panel session was of Q&A format where all the panellists were expected to answer the questions asked by the moderator of the session. Our alumnus Ms. **Reema Chitalia** (founder, Synergy Academia) was the moderator of the session. All the panellists were our alumni and are all successful entrepreneurs. Amongst the panellists present were –

1. **Krupalu Mehta** (Co-Founder, Parallax Labs).
2. **Vidit Shah** (Founder, April Innovations).
3. **Vishal Lodaya** (Founder, [ArtVilla.in](http://ArtVilla.in) and PolaarPaanda Books).
4. **Arpan Shah** (CEO & Founder, Eduprime Technologies Pvt. Ltd).
5. **Deep Mehta** (Co-founder, Digichefs).

The Panel session was consisting of questions and answers covering all basics of start-ups ideas, hurdles in between, finance, importance of proper guidance by seniors, mentors as well as teachers, other general problems arising in start-ups, etc. All the five panellists used to answer very catchy and important questions asked by moderator one by one. This way, audience were able to grasp all important points in start-ups from five point of views. Panellists shared their own start-up experiences along with small introduction of their work. Finally, there were questions from audience and all were answered very effectively. Panel session was concluded by felicitation of panellists. Prof. Inderjit Singh Dhanjal felicitated them with letter of appreciation.

## Supporting the 'Power of One' Movement

**Date: 23 September, 2019 to 25 September, 2019**

**Event: Social Activity**

**Venue: KJSCE B building, Ground Floor**

From the pious occasion of Paryushan Mahaparva to Pujya Gurudevshri Rakeshbhai's Birth Anniversary and commemorating World Humanitarian Day, Shrimad Rajchandra Love and Care, under its Humanitarian Care programme, launched the 2019 edition of the world-wide month-long campaign 'Power of One' which was successfully conducted from 27<sup>th</sup> August, 2019 (Second day of Paryushan Mahaparva) to 26<sup>th</sup> September, 2019 (Pujya Gurudevshri's Birth Anniversary)

Aim of the programme was to help the ones who are unable to earn the basic necessities of life. Interested enthusiasts were expected to give as little as handful of grains, utensils, pair of clothes, pair of footwear or soft toy to play with to make a difference in the lives of the underprivileged and for the people who were affected by floods in Kerala, Karnataka, Gujarat and Maharashtra. On behalf of the Alumni Cell, Prof. Rohini Nair (Faculty-in-Charge of Alumni Cell), was part of enthusiastic team in our college who worked for the programme. She played her role in task of collections from our college wherein she made all arrangements and permissions for carrying out the event in our college. Collections were made at B building, ground floor from 23<sup>rd</sup> September to 25<sup>th</sup> September during 10 am to 5 pm. The collected items were sorted and packed by volunteers of the organisation and distributed to the needy.

(Autonomous College Affiliated to University of Mumbai)

**SILVER JUBILEE REUNION (Batch of 1994)**

**Dates: 11th January, 2020**

**Event: Silver Jubilee Reunion (Batch of 1994), ASECA AGM, Somaiya Alumni Reunion 2020**

**Venues: B507 (SJR and AGM), Gargi Plaza (SAR)**

---

Reunion for the batch of 1994 was organized by **Alumni Cell, KJSCE** to celebrate 25 years of their graduation on 11<sup>th</sup> January, 2020. **15** alumni attended the day-long event. Our alumni took a tour of the college to reminisce their old days. Principal **Dr. Shubha Pandit** gave welcome remarks and a brief overview on the progress KJSCE has made over these years. Then president of ASECA **Mr. Nimish Patki** addressed all the gathering. Amongst the attendees present were –

Principal **Dr. Shubha Pandit**

Vice Principal **Prof. Anil Thosar**

Vice Principal **Dr. Nandkumar Gilke**

Dean (Academic Program) **Dr. Ramesh Karandikar**

Dean (R&IM) **Prof N. S. Chandrashekar**

Dean (Student's Affairs) **Dr. Sudha Gupta**

HoD Computer Engineering Department **Dr. Deepak Sharma**

HoD Electronics Engineering Department **Dr. Jagannath Nirmal**

HoD Electronics and Telecommunication Engineering Department **Dr. Ameya Naik**

HoD Information Technology Department **Dr. Irfan Siddavatam**

HoD Mechanical Engineering Department **Dr. Ramesh Lekurwale**

HoD Science and Humanities **Prof. A. S. Desai**

And amongst other faculty members were **Prof. Rohini Nair (Faculty In-charge, Alumni Cell), Prof. Era Johri (Coordinator, ASECA), Prof. Prashant Yelpale, and Dr. Ajay Gangrade.**

At 12:00 pm all the alumni were taken on a tour of MekarMela 2020 and the sprawling university campus (Gargi Plaza, A building, cricket ground, athletics track, football field, SIMSR and polytechnic hostel). At 13:30 after the tour they all had lunch. Cultural immersion and informal fun activities (antakshari, dumsharas, performance by octavium, short films by

K. J. Somaiya College of Engineering, Mumbai-77  
(Autonomous College Affiliated to University of Mumbai)

Rhapsody) were arranged for alumni. A photo booth was also set up for them to click pictures. They also sat in their usual spot (The Natraj statue or “Hawa Mahal” as they say) and clicked a photo and walked down the memory lane. The alumni also shared their experience in the industry. Even after 25 years of graduation, their friendship seemed very strong and they were full of energy.

At 17:15 they all were escorted to Somaiya Alumni Reunion 2020 (Gargi plaza). The SAR, this year too kicked off in its own overtone and aura engaging all alumni across Somaiya’s institutes. It attracted a diverse crowd from Somaiyan history. Highlights of the evening included photoboosts with a creative touch, delicious food stalls and interesting innovation on display in collaboration with the MakerMela 2020. At SAR our alumnus **Mr. Sudish Sukumaran** was awarded by our principal for his remarkable contributions to the college. The day came to a fabulous end, as every one sat tight in their chairs with hearty smiles on their faces having taken loads of pictures to freeze their frames and emotions for the day. The event was a huge success in terms of bringing Somaiyans together to relive their good old college friendships and instill feelings of love and nostalgia.

The success of these events has inspired the Alumni Cell, KJSCE to look at similar reunions in the future!
